## Basic Requirements for Education And Development

Every country on the planet enjoys their home style piece of bread. Bread is basic meal for all humans, most people will eat before running off to school or work.

A child can not learn and develop on an empty stomach. Developing a wholesome life starts with bread.

This has been CBM heart cry to the nations for the children. From Uganda to St Vincent, and Haiti to name a few countries we together have met some needs in many portions of the world. After so many disasters, your support to assist with the basic needs over the years has made the ministry successful.

**NO CHILD SHOULD GO TO BED HUNGRY!**

Your prayers and support are necessary as we look forward for 2022. This is not the time to give up but roll up your sleeves to offer help to those less fortunate.

As Dr. Branker often says. . ."You will be recognized by the Father by the way you respond to the needs of the poor."

No one wants to live in poverty, whether through sickness, being handicapped, death of a provider, disasters like fire, floods, earthquakes, etc.

*We are committed to care for the poor. Proverbs 19:17*

"Whoever is kind to the poor lends to the LORD, and he will reward them for what they have done,"
